The International Studio & Curatorial Program is excited to announce the 2016 ISCP Benefit Auction and a new limited edition by Cary Leibowitz. Conducted exclusively online through Paddle8, the auction offers a wide range of affordable contemporary art works by established and mid-career artists. Twenty-six ISCP alumni and international contemporary artists are supporting ISCP by donating all of the auction proceeds. The funds raised will support the program, and pay to bring artists and curators from areas of the world that do not have significant cultural infrastructural funding.

As the fourth largest international visual arts residency program in the world, ISCP offers audiences unprecedented access to contemporary art. ISCP has hosted over 1,200 artists and curators from more than 70 countries, and continually strives to expand its global network.
